Theol. Seminary, Andover. Dec. 15th, 1851

Dear Brother - I am is been appointed one of the Committee of Correspondence of the Society of Inquiry in this Institution. I now write you desiring that you would request any similar Society in your Seminary to correspond with us. It would afford us extreme pleasure to hear from Princeton. I wish you would lay the matter as soon as convenient before the Seminary. Our Society meets on the first Monday evening of every month. We would like to have a letter from you by the first of January. We wish to know all about the Institution. The number who elect to go to the West, and to the foreign field; the degree of Missionary spirit among you; the state of religion in your section of country &c. I will answer the letter which may be sent to our Society.

Please direct: David Brainerd, Society of Inquiry
Theol. Seminary, Andover, Mass.

P.S. Friend Plumer I should like to hear from you. Will you write me a long letter and tell me how you have prospered since you graduated. How do you like Medway? Our Catalogues will soon be published, and I will send you one. I should like to see a Catalogue of your Seminary.

Yours affectionately,
D. Brainerd.
